SyrVet Livestock Prod

[Home](#) » [Products](#) » [Restraining](#) » [Electric Shock Prods](#)

New SyrVet proprietary design! The

SyrVel Livestock Prod helps with the safe and effective movement and handling of livestock and serves as a powerful tool at a great value for ranchers and herd managers.

Features include a durable solid state electronic motor, a safety clip, retail-ready packaging, and a one year limited warranty on electronics (certain conditions apply). The

prod's tip does NOT retain a charge after release of the trigger button, meaning no accidental strokes. Superbly balanced, the prod's rugged, tough design is water resistant and comes in three shaft lengths: 22", 34", and 44". The high impact polymer shafts work with Magrath® handle units, and the motor is interchangeable with most Hot Shot® prods. Size "C" SnylVet Livestock Prod Batteries are also available and work in any prod using "C" batteries.

Item #	Description
LP#22	22" Prod w/Handle (w/o Batteries)
LP#34	34" Prod w/Handle (w/o Batteries)
LP#44	44" Prod w/Handle (w/o Batteries)
LP#22	22" Shaft
